

## MISSION JUBILEE PLANS COMPLETE

Program for 50th Anniversary  
Observance February  
2-3 Is Announced.

Detailed plans for the observance of the fiftieth anniversary of the beginning of women's work in foreign missions, to be held in Washington on February 2 and 3, were announced today.

From the headquarters of the jubilee committee in the First Congregational Church the watchword "Raise the standard of personal service for our Lord and Master," has gone out to all women of the city churches, and the volume of the response from the 500 women now actively engaged on the different jubilee committees is positive assurance of the enthusiasm which will prevail throughout the meetings on next Thursday and Friday.

A woman's conference, especially adapted to church and mission workers will be held on Thursday afternoon, one week from today, at 3:30 o'clock in the First Congregational Church. In the same church at 5 o'clock will be held "The Busy Women's Meeting," which is intended to attract the women who are employed during the day.

At 11 o'clock on Friday morning three prior meetings will be conducted, invitation cards for which will be sent out by the hostesses. At the same hour a mass meeting for women of all churches will be held at the New York Avenue Presbyterian Church, conducted by a number of the visiting missionaries.

What is expected to be the most memorable event of the whole conference will be the luncheon, served at the New Willard in the big ball room at 1 o'clock on Friday, when 1,000 women are expected to be present. Mrs. Wallace Radcliffe will preside, and Mrs. Henry W. Peabody, Mrs. Helen Barrett Montgomery, and Dr. Mary Riggs Noble will be the speakers.

At 8 o'clock Friday evening the final session of the conference will be held in Continental Hall of the D. A. R.

## OFFICERS INSTALLED BY POST AND CORPS

Anacostia G. A. R. Members  
Entertained At Joint Meet-  
ing In Masonic Hall.

WASHINGTON TIMES BUREAU  
ANACOSTIA, D. C., JAN. 26.  
Patriotic addresses and reminiscences of the days at the front marked the meeting last night of John A. Logan Post, No. 13, Grand Army of the Republic, and its women's auxiliary, Logan Relief Corps, No. 7, in the Masonic Hall at Anacostia, where a joint installation of officers took place in a hall profusely decorated with the American colors.

A feature of the meeting was the endorsement given to a bill introduced in Congress by Representative Dawson at the request of Commander A. B. Frisbie, of Logan Post, providing for a more general observance of Flag Day in the United States and its possessions, as well as making it an offense against the United States to desecrate the flag by having it used for advertising purposes. Commander Frisbie recounted the trials and success of Logan Post, and said that its ranks have dwindled to sixteen men. D. C. Fountain recalled the days at the front, and Mrs. Isabel Worrell Hall complimented Logan Relief Corps on its work in Anacostia for the last twenty years.

## PLANS FOR FUNERAL ARE NOT DISCLOSED

Understood Services for  
Phillips' Slayer Will Be  
Held Tomorrow.

Utmost secrecy surrounds the funeral arrangements and plans for the burial of Fitchburg C. Goldsborough, who shot and fatally injured David Graham Phillips in New York before placing the weapon against his own temple and committing suicide.

Further than saying that the services, which are to be absolutely private, will be held at the family residence, 121 K street northwest, and the Rev. Randolph H. McKim will officiate, none of the Goldsboroughs would give out any information. When the residence of Dr. Edmund K. Goldsborough was called up this morning the announcement was made: "We are not going to make known our funeral plans." The same information was given at the residence of Edmund K. Goldsborough, Jr. Despite the attempts to keep everything secret, it is understood that the funeral is to be held tomorrow, and burial will be in Oak Hill Cemetery.

## WANTS CAR OWNERS REGISTERED YEARLY

E. M. Talcott Recommends  
Such Action to the  
Commissioners.

In order that such property may be properly assessed, E. M. Talcott, of the Board of Personal Tax Appraisers, has recommended to the Commissioners legislation providing for the annual registration of all owners of automobiles and boats and the issuance of new license tags each year. A fee of \$1 is suggested to cover the cost of the tag and the necessary clerical work.

Under the present system owners of automobiles, upon making application for a license, are required to register and are given a number. The law, however, does not require registration or the issuance of a new number each year. As a further argument for the desired legislation, Mr. Talcott says that owners of automobiles frequently change their residences, and as they are not required to register their names and addresses annually, it is difficult to locate them when the machines are to be assessed.

## ROCKVILLE DEATH DUE TO ACCIDENT

Buggy Upset By Horse  
Frightened At Automobile,  
Sheriff Learns.

ROCKVILLE, Md., Jan. 26.—At the request of relatives Justice of the Peace Edmondson and Sheriff Vlett went to Wheaton yesterday and inquired into the death of J. Aquilla Windham, one of the oldest and best known citizens of Wheaton district, who died Monday morning as a result of injuries received a week before.

It was shown by the testimony that a horse Mr. Windham and a son were driving along the Seventh street pike near their home took fright at an automobile of Roland Moore, of Olney, and turned suddenly, upsetting the buggy. Both occupants were injured. The matter has been placed before State Attorney Bowie F. Waters.

### Final reductions before inventory

Women's \$25 coats  
Women's \$30 coats  
Women's \$35 coats  
Women's \$40 coats  
**Reduced to \$11.95**

Can you remember such an opportunity to buy a nice coat cheap? You cannot. The unusualness of the opportunity is principally due to the many recent big purchases away under the usual figure, which makes our stock today larger than it should be. Any of these coats will be good, not only for present wear, but for next season. Most all of them are in plain neat practical overcoat styles—styles that change so little from year to year. You'll find just the same sort of nice warm coats on sale next year. But next year you cannot buy at a price like this. The materials are chiefly:

Broadcloths Plaid back cloths  
Mannish mixtures Satin finished kerseys

Some are perfectly plain. Some are elaborately braided. Some are handsomely embroidered. Some are trimmed with folds of velvet or seal plush. The majority have long rolling or flat shawl collars faced with silk, satin, or Bengaline. All sizes in the lot. THE COLOR RANGE includes the staple shades as well as the most wanted "high" colors. Sale 2nd floor.

**\$1 and \$1.50 Kid  
Gloves, 50c**  
Only a limited quantity; fine Kid Gloves, but slightly damaged. Good variety of sizes and colorings. Come for these early. First floor—Gloves.

### Health and Beauty Notes

BY MRS. MAE MARTYN

Maid Marian: The only greaseless face cream I know of is an almonzo massage cream jelly, which you can easily prepare, as the ingredients are inexpensive and can be had at any drug store. Dissolve one ounce almonzo in half-pint cold water, then add two teaspoonfuls glycerine, stir well and let stand several hours. Massaging the skin nightly with this removes blackheads, reduces large pores, and softens and tones the skin, giving it a healthy, ruddy glow. It also corrects greasy and roughened skins and prevents and arrests wrinkles.

Madam X: Be frank with your husband and do not try to conceal anything from him. For that scaly condition of the face I would suggest a surpmax lotion. This is superior to powder in many ways, easier to apply, and dries quickly, giving the skin a smooth, satiny feeling. You can prepare this lotion at little expense, by dissolving four ounces of surpmax in a half-pint hot water, then adding two teaspoonfuls glycerine. Shake well, when cool it is ready. This makes the most reliable and satisfactory skin beautifier of which I know. You can get surpmax in any drug store.

Phoebe M.: The reason your hair is stringy and hard to manage is because the roots are in a starved condition. I am giving you a recipe for an inexpensive hair tonic, which, if used regularly, according to simple directions, will correct this condition and promote a fine, healthy growth of hair. Get an ounce of quinine from the drug store and dissolve in half-pint alcohol, adding the same quantity of water. Using this nightly as a scalp massage strengthens the hair roots, and its continued use will give life and luster to the hair.

Young Wife: Don't despair. I don't think your husband loves you less, but the condition of your face is jarring to the eye. Your pimply, muddy complexion is caused through impurities in the blood, and what you require is good tonic and system regulator. Get from your druggist one ounce karende; dissolve in one-half pint alcohol, adding one-half cup one-half then enough hot water to make full quart. Take a tablespoonful before meals, and you will find it will clear the skin and bring back the rosy blush of health to the cheeks. With this use the almonzo massage cream, mentioned in another paragraph, and you remove blackheads and other im-

purities from the pores and makes the skin soft and satiny.

Typist: Your increasing weight is not just cause for alarm, but if your fear your form is losing its symmetrical lines and want a fat dissolver I would suggest the following, which can be had at any drug store and is not expensive. Dissolve four ounces parnotin in 1 1/2 pints hot water. Take a tablespoonful of this before each meal, and you will gradually regain your natural weight and contour of form. This parnotin treatment requires no violent exercise nor dieting and is really quite harmless.

Eva: My dear girl! The downy growth on your lip is not so serious a matter, and I would not shun society on that account, were I you. You can easily remove the fuzz if you follow these simple instructions: Get an ounce of delatone, and mix enough water with a little to make a thick paste. Cover offending hairs deeply with this and let remain two or three minutes, then remove and wash the skin carefully. Any druggist can supply delatone, and while it costs a dollar an ounce, it is worth it as it does the work, and it is seldom necessary to apply it more than once.

Jane: It is annoying to have an itchy scalp, but you can easily correct this and keep it sweet and clean, and in a healthy, vigorous condition if you use a canturo shampoo. You can prepare this at trifling cost, and any druggist can supply it. One teaspoonful of canturo dissolved in a teacup of hot water makes sufficient mixture for one shampoo. Pouring a little at a time on the head and massaging the scalp vigorously, then rinsing thoroughly, removes dust and dandruff, and adds new life to the scalp and luster to the hair. With this shampoo the hair dries quickly and is not stringy or hard to do up.

Brown Eyes: (1) Before you buy eye-glasses try the simple eye tonic I have suggested to others. This is easy to prepare and quite inexpensive. Buy an ounce of crystals at the drug store and dissolve in pint of warm water. Drop one or two drops in each eye with a medicine dropper. You will find this removes dust and small particles and soothes the tired, inflamed eye muscles, giving the eye a sparkle and brightness. (2) For a complexion beautifier read answer to Madam X.
